

Computational Medicinal Chemistry For Drug Discovery

Author : Patrick Bultinck Hans De Winter Wilfried Langenaeker Jan P Tollenaere / **Category :** Science / **Total Pages :** 1169 pages

 [Download Computational Medicinal Chemistry For Drug Discovery PDF](#)

Summary : Free computational medicinal chemistry for drug discovery pdf download - observing computational chemistry's proven value to the introduction of new medicines this reference offers the techniques most frequently utilized by industry and academia for ligand design featuring contributions from more than fifty pre-eminent scientists computational medicinal chemistry for drug discovery surveys molecular structure computation intermolecular behavior ligand-receptor interaction and modeling responding to market demands in its selection and authoritative treatment of topics the book examines molecular mechanics semi-empirical methods wave function-based quantum chemistry density functional theory 3-d structure generation and hybrid methods

Publisher : CRC Press on 2003-12-17 / **ISBN :** 0203913396
