

# Computational Intelligence And Efficiency In Engineering Systems

**Author :**Grzegorz Borowik Zenon Chaczko Witold Jacak Tadeusz Luba / **Category :**Computers / **Total Pages :** 442 pages

 [Download Computational Intelligence And Efficiency In Engineering Systems PDF](#)

**Summary :** Free computational intelligence and efficiency in engineering systems pdf download - this carefully edited and reviewed volume addresses the increasingly popular demand for seeking more clarity in the data that we are immersed in it offers excellent examples of the intelligent ubiquitous computation as well as recent advances in systems engineering and informatics the content represents state-of-the-art foundations for researchers in the domain of modern computation computer science system engineering and networking with many examples that are set in industrial application context the book includes the carefully selected best contributions to apcase 2014 the 2nd asia-pacific conference on computer aided system engineering held february 10-12 2014 in south kuta bali indonesia the book consists of four main parts that cover data-oriented engineering science research in a wide range of applications computational models and knowledge discovery communications networks and cloud computing computer-based systems and data-oriented and software-intensive systems

**Pusblisher :** Springer on 2015-03-10 / **ISBN :** 9783319157207
